SUMMARY

B.E. Computer Science student with structured training in cloud infrastructure and automation (AWS, Docker, Ansible, Terraform, Azure DevOps, Git, Linux). Seeking a full-time IT role to apply strong technical fundamentals, adaptability, and problem-solving skills to real-world software and infrastructure projects.

EDUCATION

IFET College of Engineering, Villupuram, Tamil Nadu **2023 – 2027**

B.E. in Computer Science and Engineering | Cumulative GPA: 7.11

Blue Star Higher Secondary School, Puducherry **2023**

Higher Secondary Education (12th Standard) | Percentage: 62.67%

TECHNICAL SKILLS

- **Programming Languages:** Java
- **Frameworks & Tools:** Spring Boot, Maven
- **Cloud & DevOps:** AWS (EC2), Terraform, Docker, GitHub Actions, Linux, Ansible
- **Databases & Web:** PostgreSQL, HTML, CSS, REST APIs
- **Version Control:** Git, GitHub
- **Soft Skills:** Teamwork, Adaptability, Collaboration, Problem Solving

PROFESSIONAL EXPERIENCE

HexHive Solutions — *DevOps / Full Stack Intern* **Puducherry | 2026**

3D Printing E-commerce Platform

- Contributed to the development and cloud deployment of an e-commerce platform for ready-made and custom 3D-printed products.
- Containerized frontend, backend, PostgreSQL database, and supporting services using Docker for multi-environment parity.
- Designed and maintained automated CI/CD pipelines via GitHub Actions for seamless continuous testing, image builds, and deployments.
- Provisioned and managed scalable AWS cloud infrastructure using Terraform under Infrastructure-as-Code (IaC) principles.
- Collaborated on platform architecture, microservice integration, and PostgreSQL database management with robust RESTful APIs.

PROJECTS

IoT-Based Smart Plant Monitoring System — *Technical Lead & Developer*

- Led development of an IoT-enabled irrigation system for automated soil moisture monitoring and water supply control.
- Configured ESP32 microcontrollers to collect real-time sensor data and stream telemetry to the Blynk cloud platform.
- Automated pump operations based on moisture thresholds, improving water management efficiency.

CERTIFICATIONS

- **Cisco Certified Network Associate (CCNA)** – Confirmed proficiency in Networking Fundamentals
- **Web Development** – Completed comprehensive Web Development Course via Elewayte
- **Java Programming** – Completed certification at CSRI, Puducherry
